LONGED FOR WIFE AND MOTHER.

But Man Died Before They Could Come from Afar.

New York, Feb. 22.—When Abraham Scher, who was buried Thursday, from the home for incurables at Hawthorne, realized recently that he was dying, he pleaded that his wife and four children in Polodia, Russia, be allowed to come to this country, and see him.

After investigation the Home authorities informed Scher, who had left Russia two years ago, and a year later became ill of cancer, that the immigration laws would prevent his family landing in the United States.

Mrs. Lathrop, a Sister of Mercy at the Hawthorne home, however, decided to take an appeal to President Roosevelt. The president took the case up with Secretary of Commerce and Labor Strauss and Commissioner of Immigration Hawthorne was consulted. It was then arranged that Mrs. Scher and her children should come to New York, Isadore Straus having been appealed to and having sent the wife and mother $200 to pay the expenses of the trip. Friends guaranteed that the Schers should not become public charges.

When Scher was told his wife and children were coming he cried with joy. Tuesday, however, his condition became grave and Wednesday he died. His grave was provided by the Hebrew Free Burial society.

FLURRY AMONG DIPLOMATS

Is Occasioned by the Porte's Recent Grant to Austria.

Berlin, Feb. 22.—The foreign office takes a cool view of the flurry among the diplomats of Europe occasioned by the porte granting permission to Austria to survey for a railroad extension that would make complete the rail connection with Saloniki, traversing a portion of Turkish territory.

Reports received here from St. Petersburg, Paris and Rome indicate that at the same time British diplomacy was working in those capitals with the object of causing a fresh grouping of the powers in near eastern affairs by means of which Great Britain, France, Russia and Italy would be able to impose their will upon the sultan and thus maneuver Austria and Germany into a weaker position at Constantinople.

Great Britain's ultimate object is believed to produce disorder in Turkish affairs so that a more permanent settlement may be reached before Russia fully recovers from the effects of her war with Japan.

30,000 HOMELESS MEN.

It is Thought, However, Conditions Are Improving in New York.

New York, Feb. 22.—It is estimated by the managers of the Society for the Improvement of the Poor that there are approximately 30,000 homeless men in New York today. Of these probably 60 per cent are non-residents, while it is the society's estimate that about 1 per cent would work if they were given employment.

Though the poverty of the deserving unemployed is real and their need of help constant, the managers have reason to believe that the conditions are improving, the number of men out of work growing smaller and finally that the total of the deserving class of the unemployed has been over-estimated. The great majority, a society manager said, belong to the vagrant class and "work" the organization when they can get a chance to do so.

Three Safes Robbed of $1,000.

Albany, Ga., Feb. 22.—A special from Kestler, a town on the G., F. & A. railroad, says that safe blowers blew three safes there Wednesday night, and secured about $1,000. Two hundred dollars were taken from the safe of Haddock & Griffin; $500 from Hightower & Son; $200 in cash and $50 in stamps from the postoffice at that place. The officers believe they have a clew that will lead to the arrest of the robbers.

KANSAS DEMOCRATS

State Convention to Select Delegates to National Convention.

ARE CONCEDED FOR BRYAN

It Was Stated that ex-Senator Harris Would Very Likely Receive Nomination for United States Senator to Succeed Chester L. Long.

Hutchinson, Kans., Feb. 22.—Kansas democrats convened here Friday in state convention to select delegates to the national convention at Denver. The different congressional district delegations met also and selected two delegates to the national convention. It was conceded that W. J. Bryan would be endorsed and that the delegates would be instructed to vote for him to the end. The number of prominent state democrats here was unusually large.

Ex-Senator William A. Harris was the most frequently spoken of to head the Denever delegation and his selection for the chairmanship of the delegates who will go to the national convention seemed to be a foregone conclusion. It was stated also that Mr. Harris would very likely receive the endorsement for United States senator to succeed Chester L. Long, whose term ends on March 3.

Grant Harrington of Hiawatha was selected for temporary chairman of the convention.

TO FORECLOSE MORTGAGE.

Home of the Late Charles Yerkes in New York Involved.

New York, Feb. 22.—Action has been begun by the Mutual Life Insurance company, to foreclose a mortgage for $225,000 on the home of the late Charles T. Yerkes at Fifth avenue and Sixty-Eighth street, which was left in Mr. Yerkes' will for a public art gallery.

The mortgage, which was made in 1904, fell due in 1906, shortly after Mr. Yerkes' death. By his will Mr. Yerkes left the house to his wife during her life, with a provision that when she died it was to be turned into a public gallery.

The property is said to be worth $1,500,000, and the art collection which it contains, including pictures, statuary, tapestry and bric-a-brac considerably more than that amount.

Bingham, Me., Feb. 22.—James Dean broke into the home of Charles McKay at West Forks, 23 miles north of Bingham, shortly before midnight Thursday night, killed Mrs. McKay with an ax, after chasing her to the yard of a neighboring house and then committed suicide by cutting his own throat.

Dean was thirty years of age, came from Princeton, Me., two years ago and was employed in the lumbering camps. Mrs. McKay was twenty years of age and had been married three years.

It is believed that Dean was actuated by jealousy.

Department Changes.

Washington, Feb. 22.—The postmaster general has appointed Charles A. Conrard, of Kentucky, to be chief clerk of the postoffice department to succeed Merritt O. Chance, of Illinois, recently appointed auditor of the treasury department for the postoffice department. Robert H. Prender, of the District of Columbia, has been appointed chief clerk of the office of the fourth assistant postmaster general to succeed Mr. Conrard.

Cashier Gets Three Years.

Norfolk, Va., Feb. 22.—Alex B. Butt, cashier of the wrecked People's Bank of Portsmouth, Va., Thursday pleaded guilty on three of the twenty-two indictments against him, and after making restitution to the depositors to the extent of $37,000 on the total shortage of $252,000, was sentenced by Judge Bain to three years in the penitentiary and to pay a fine of $7,154.

DETECTIVES' LONG CHASE.

Pursued Man Across Continent and Then Back Again.

New York, Feb. 22.—The arrest here Thursday night of James A. Baker, charged with killing E. Y. Hutchinson, a telegraph operator at Clarington, W. Va., and robbing the railway station at that point, came after a chase to San Francisco and back to New York, which was participated in by Postoffice Inspector Kincaid and Detectives Rigor and Muss, of the Pennsylvania railroad.

The officers say that Baker, whose home is in Columbus, O., confessed to the killing of Hutchinson, Dec. 9, and to the robbery of a number of postoffices and railroad stations.

The officers say that Baker is of good family and is an amateur at robbery. They believe that he began his systematic looting of small postoffices and express offices only in November last. He has worked, they say, under a number of aliases, among them "J. C. Cole, "C. C. Rogers," "J. H. Young," "H. C. Wilson" and "R. C. Noel."

It was while asking for mail at the New York postoffice under the latter name that he was arrested.

The detectives say that they have discovered that under the latter name he is engaged to marry a girl of good family in Pittsburg whose name they refuse to divulge.

CROP MAY BE SHORT.

Early Fruits and Vegetables Damaged By the Blizzard.

New Orleans, La., Feb. 22.—Early fruits and vegetables, mostly intended for shipment to the north, have been badly damaged by the cold weather of the last two days, which arrived on the gulf coast simultaneously with the blizzard in the north.

Reports from southern Mississippi and Louisiana are that strawberries, which are in bloom, have been injured, and that lettuce, radishes and peas have also suffered. Peach, pear and orange trees escaped because the buds had not yet opened. Long Beach, Miss., which is on the gulf shore, reported ice half an inch thick.

MOTOR CAR PLANT BURNED.

Loss of $300,000 at Dayton, Ohio. Covered by Insurance.

Dayton, O., Feb. 21.—The plant of the Dayton Motor Car company with its contents was destroyed by fire on Friday morning. The loss is estimated at $300,000, covered by insurance. While the cause of the blaze is not known, it is supposed to have been due to spontaneous combustion.

The flames made rapid progress, and the entire local fire department battled for many hours before subduing them.

Ten newly finished automobiles, valued at $3,000 each, were consumed.

Railroads to Reduce Wages.

Chattanooga, Tenn., Feb. 22.—A special to the News from Bristol states that the Southern railroad has ordered a reduction if 10 per cent in the wages of all employees in Bristol effective March 1. The Virginia and Southwestern will also cut 10 per cent on March 1. The Norfolk and Western, which has granted two voluntary advances of 10 per cent within the past two years, has not yet made a reduction.

Sale of Chinese Curios.

New York, Feb. 22.—The second day's receipts of the sale of Chinese curios made by Mrs. E. H. Conger, in Pekin before and during the Boxer uprising while her husband was United States minister to China, amounted to $9,382, making a total of $17,439 for the two days' sales. A large number of articles were purchased presumably for the Metropolitan Museum of Art. Mrs. W. K. Vanderbilt, Jr., was also a large purchaser.

PORTUGAL IS QUAKING

Air Full of Rumors of Plots and Counterplots.

MUCH FEAR IS EVIDENT

It is Said that the Government Has Discovered a Francoist Plot at the Palace and Several Arrests Have Been Made.

Lisbon, Feb. 22.—The air is full of rumors of plots and counter-plots.

An Oporto newspaper states positively that the government has discovered a Francoist plot at the palace and is prosecuting Counts Arnoso and Taronca and Major Jose Lobo, who are alleged to be the leaders.

The republicans, however, declare that they will support the government if it continues its liberal policy.

The unsettled state of the public mind is reflected in business conditions which are very bad.

DALLAS MEETING ADJOURNS.

Important Resolutions Adopted by the Southern Cotton Association.

Dallas, Tex., Feb. 22.—The annual meeting of the Southern Cotton Association, which has been in session here for the past two days, was brought to a close after resolutions were adopted calling for the perfecting of the government cotton statistics, making them more reliable; the extending of the fight against the boll weevil across the Mississippi river; the enactment of laws in all states prohibiting dealing in futures; the proper protecting of cotton from weather in all stages of handling by common carriers; a 25 per cent reduction in acreage if the price of the staple at planting time is less than 15 cents; for a readily expansive and contractive local currency and urging that spot exchanges be encouraged.

The convention in concluding its business declared its desire of meeting in August instead of January or February and suggested Wilmington, N. C., as the place.

The time and place are left to the executive committee, but the convention offered the suggestion upon invitation of U. C. Moore, of Wilmington.

RUSSIAN GIRL SUICIDED

Because of Regret Over Conviction of General Stoessel.

Hartford, Conn., Feb. 22.—Because of her regret over the conviction of General Stoessel at St. Petersburg Amelia Karris killed herself here on Thursday by inhaling illuminating gas.

The girl was a Russian, and had formerly been employed in the general's family. She was working here in the home of Joseph Silver and when she was informed of General Stoessel's conviction, she went to her room and no more was heard from her. When the escaping gas caused the door of her room to be broken open, she was found dead.

HELD UP BRAKEMAN.

Thieves Then Coolly Finished Looting a Freight Car.

New York, Feb. 22.—After holding up a brakeman who had surprised them in the act of robbing a freight car in the New York Central railroad yards at Eighty-fifth street early Friday and making him a prisoner at the point of revolvers until they had finished looting the car three men were overpowered by detectives after a desperate fight.

In the arrest of the men, police believe they have a gang which has stolen many thousands of dollars' worth of goods from freight cars during the past few months.

Killed on a Trestle.

Albany, Ga., Feb. 22.—A white man who was run down Wednesday night on the trestle leading to the Atlantic Coast Line bridge across the Flint river here, whose identity was a matter of mystery until identified at last as Augustus Hurst, who was many years ago sheriff of Thomas county and a terror to desperate criminals.

NATIONAL FOREST WORK IN FLORIDA

Cut-Over Lands In Citrus and Marion Counties

WILL BE EXPERIMENTED WITH

Plans Outline Most Extensive Reforestation Operations Ever Begun in the South—Great Obstacle is the Burning Over for Grazing Purposes.

Washington, D. C., Feb. 22.—Florida is the latest State to show an interest in reforestation. The United States Forest Service, at the request of the Dunnellon Phosphate Company, has just completed an examination of vast areas of cut-over lands in Marion and Citrus counties to determine the feasibility of forest planting in this section of the State.

While the greater portion of the tract examined is well timbered there was found to be about 3,000 acres of sandy brush and grass covered land from which every pine has been cut, so that natural reproduction is impossible except on a narrow strip adjoining the forest. If the lands are to be used to the best advantage it will be necessary to restock this cut-over area by artificial means. The plans outline the most extensive reforestation operations ever begun in the South.

After a careful study of conditions it was decided that 'the sowing of longleaf pine seed in spots would be the most practicable method of accomplishing this. The growing of this species in a nursery, followed by transplanting of seedlings to the field, is not considered feasible, owing to the long tap roots which are characteristic of the longleaf pine and make transplanting difficult. Experimental planting of the camphor tree, mesquite, and several species of eucalyptus is suggested, since it is thought to be entirely practicable from a business standpoint to grow these trees in this region.

It is probable that the owners of the land will prepare to take up work along the lines recommended immediately. The only thing which is likely to threaten the success of planting in this region in danger from fires. As is the case in all forest work, fire protection must be provided. In fact if it were not for the annual burning over much of the cut-over land in Florida would now be covered with a fine second-growth of pine. Even on lands where a few old trees have been left from lumbering the fires which are set annually to improve a limited amount of pasturage prevent the growth of seedling trees. While this burning usually has for its object the improvement of grazing, it must be realized sooner or later that grazing and timber growing cannot be practiced profitably on the same land. It is certain that this burning over does not pay in the long run, even from the standpoint of the owners of stock, since it steadily reduces the productive capacity of the soil.

Gainesville National Bank.

The Gainesville National Bank has a change of advertisement in this issue, which shows a most encouraging business for this young but most reliable institution. A statement showing an aggregate of nearly $605,000 when it is only seven months old, is a high compliment, not only to the bank and its conservative officers, but a compliment to the community as well.

The Gainesville National is already regarded as one of the strongest financial institutions in the State, and, under the clever management that is directing its business affairs there is no doubt but what it will grow and prosper all the time, and that its usefulness to the people will increase.

Having Big Success.

Sheriff L. W. Fennell came to the city Saturday from the Haile plantation, where, with Joel Hurt of Atlanta, he is participating in a fox hunt for the next few days.

Mr. Fennell states that the hunt was a most successful one Saturday morning. The party comprised Mr. Hurt, J. A. Goodwin, W. R. McKinstry and himself. They started out at 4 o'clock in the morning with twenty-two hounds, and by half-past 6 o'clock had enjoyed a fine and exciting chase, the reward of which was a big fox.

OFF TO WASHINGTON.

Superintendent J. L. Kelley Will Attend National Convention.

Dr. J. L. Kelley, Superintendent of Public Instruction of Alachua county, left Saturday for Washington, where he was sent by the School Board as a representative of the county's interest at the convention of the National Association of State and County Superintendents, which convenes for three days, beginning Monday. He joined State Superintendent Holloway and other county superintendents in Jacksonville Saturday, when the party proceeded to the National Capital.

Dr. Kelley is not only one of the most earnest workers in the cause of education in Florida, but one of the most zealous and efficient, and has accomplished a great deal along educational lines in Alachua county, placing this county among the first in the State in point of efficiency. This is one of the few counties of the State where an absolute high point of average in examination must be secured before applicants will be employed as teachers.

Dr. Kelley expects to spend as little time in Washington as possible, and will leave that city for home as soon as the convention adjourns.

Bride and Groom Here.

Mr. and Mrs. Arthur T. Jarvis arrived in the city Saturday, and will remain here for the next few days as guests of the former's father, J. H. Jarvis.

Mr. Jarvis, who is now residing in Nashville, Tenn., was married on the 19th inst. to Miss Louise O'Keefe, a charming young lady of that city. They were met at the station here by a number of friends of the groom, who is an old Gainesville boy, and who assembled to bid the couple welcome and extend congratulations.

After a short visit here, Mr. and Mrs. Jarvis will visit Tampa, St. Augustine and other points before returning to their Tennessee home, where the former is engaged in the insurance business.

JUST FROM GEORGIA

F. L. S. in Atlanta Constitution.

It's a mighty accommodating climate, brethren. If you don't like it one day, the bill-of-fare is changed for you the next. You can have your weather on ice, or toast—just as you like it, and, take it all round, it's really a great old world three months in the year.

He Lives on "Home-Raised."

A letter to The Gwinnett Journal, from Duncan Creek, Ga., contains a sermon in a sentence. Farmer E. V. Wood preached it:

"I made 65 bales of cotton and 1,300 bushels of corn. So I think I can pull through till another crop, if God will continue His goodness to me, whether cotton goes to 15 cents or not. I have one mule which I bought when 2 years old. She is now 28 years old, and I know she has never eaten but one feed of Western corn in twenty-six years. I have sold corn each year since 1875, except one year."

The Judge Was "Techous."

"W've got one of the techiest justices in the country," writes a Billville correspondent. "I verily believe he'd fine a cross-eyed man fer not lookin' straight at him. Only the other day a man was before him fer fishin' in a lake which was posted.

"'Why was you fishin' on them grounds?' said the jestice.

"'I wan't a-fishin' on the grounds,' said the man, 'I was fishin on the lake'.

"That answer made the jestice hoppin'-mad, an' I'm blest ef he didn't fine the feller $10 additional fer tryin' to joke with a court that was no joke!"

The Old Man Sees Snakes.

"I don't think the ol' man had drinked more'n half a bar'l, or so, sence prohibition, an' he'd 'bout made up his min' to quit off fer good when, lo an' behol', he woke up one mornin' recent, an' foun' a snake quoiled all comfortable at the foot o' the bed. It warn't on my side o' the bed—mind you—but on his. Fer some time he thought thar warn't no snake thar—hit bein' jest one o' the ol'-time licker-snakes—but when I tol' him hit wuz shore thar, he lit out for the jug an' drinked 'bout six dippers full, I reckon. 'Why,' I says, 'the snake ain't never bit you: What in the worl' air you a-doin'?' 'I'm preparin' fer emergencies,' he says. 'Ef that ain't no snake, but jest me seein' one, I need this here to fortify my nerves; an' ef it is a snake, hit may bite me 'fore I kill it, an' ef I've got this in me no snake in the worl' kin hurt me. 'Self-preservation,' he says, 'is the fust law of licker in a dry community!' an' with that he hit the snake a lick you could 'a' hearn a mile, an' saved it from gittin' drunk by bitin' him. The whole settlement soon knowed 'bout it, an' all the ol' drammers come to see what sorter snake it wuz, an' I wuz right glad they come, fer they drinked the jug dry—to the las' drap, then went off to see ef the other licker-fellers had any snakes like it!"

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Train Was Delayed.

Owing to a trestle which was burned on the Seaboard Air Line railroad south of Otter Creek at an early hour Saturday morning, the Cedar Key-Jacksonville train, which is due here from Cedar Key at 7:50 a. m., and which is usually on time, was delayed more than two hours. This considerably inconvenienced many, who intended going to Jacksonville to spend the day. Many of them went anyway, however, and will return on today's train.

S.S.S. MADE FROM ROOTS AND HERBS

A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. At the Opera House.

The Murray Comedy Company closed a three-nights' engagement here Saturday, presenting as the last bill, "The Black Flag." The audience was fairly good, considering that it was Saturday night, and the play was up to the standard of excellence of this company, which, as has already been said, is one of the best repertoire companies ever visiting Gainesville.

In this matter of "square deals" for the next four years, many folks are wondering who will be the dealer.

You can pay too much for anything—even for advertising. But, generally, you pay too little, and secure too little!

Hon. J. C. Compton, superintendent of schools of Lake county, will be a candidate for State Superintendent. Messrs. Holloway and Sheats will now sit up and take notice.

The London Standard bewails the fact that Secretary Root has proved himself too much for the British diplomats in treaty-making. And yet the brains of England are supposed to be in her foreign office.

To advertise your real estate twice as much as another man advertises his, does not indicate that you are twice as anxious to sell as he is—but that you know twice as much as he does about how to sell.

Any absconding banker who would refuse to return and be punished, after such an appeal as was sent out by a Berlin police official, would be a hard-hearted wretch. The commissioner wrote "think what a strain my nervous system is undergoing!"

The business of being always prepared is a Japanese virtue in war and in peace. Takahira, the new ambassador, has it. When the reporters asked him for an interview on his arrival, he reached into his pocket and handed it to them already prepared.

Charles Wyman Morse is quoted as saying when his lawyer told him on his arrival from Europe of the various charges against him, "Well, if that is all they've got against me, I'm not worried." Perhaps the investigators may take this as an inadvertent hint that they have not yet got to the bottom of things.

The registration books of the county will be opened in each election district for the registration of voters on April 7th. This is done in order to give voters an opportunity to register for the May primary. You must pay your poll taxes, though, in order to vote, as only qualified registered voters can participate in the primary.

The State Fair at Tampa has proven such a grand success that it will remain open another week. The fair is said to be the most successful State Fair ever held in Florida, and the people are loud in praise of the head of the enterprise, Col. Thos. J. Laud Brown. He is one of the greatest promoters of such enterprises in the world, and the people of Tampa are fortunate in having him as a citizen.

The Alachua News is the latest candidate for public favor in the journalistic line at Alachua. E. Marcionny, the editor and owner, says this is the sixth attempt within the last few years to give the people of Alachua a newspaper fit for other purposes besides wrapping packages—worthy of being read and looked forward to. The Sun welcomes the new paper and trust the owner may succeed in his undertaking.

THE MAN AND HIS JOB

It pays to get ready for the opportunity. True it is that you may have to wait some time for the real opportunity to come; but that is far better than being forced to say: "I missed the chance of my life just because I wasn't prepared." Get ready for the opportunity, and the opportunity will soon be ready for you.

One day the president of one of our great railroads was dictating a very important address, which he had been asked to deliver on the "liability of the employer." A great many technical terms, referring especially to interstate railway legislation, were employed. The $18 per week stenographer took the whole bundle without a single inquiry.

"Now, don't get stuck, my friend," spoke up the president anxiously; "if I hand out some new ones to you just speak up, and I'll give you the correct spelling. I've no time to go over the manuscript and can't take any chances."

"I am quite familiar with every phrase you have given me so far," said the young man simply.

"How long have you been in the railroad business?"

"Since I got this job, sir."

"How in blazes did you get on all these curves I am taking you around?"

"I study railroad law at night. I know it isn't needed for my present job, but I thought the day might come when I might need it."

The president dropped his notes. He ran his hand through his iron gray hair and brought it down on the desk with a bang.

"Young man, I see that day coming!" he said with the weight of conviction.

It did not come at once, by the way, but the young man was gradually promoted to an assistant secretaryship with an excellent future in view.

The prohibitionists of Jacksonville lost out in their effort to have an election called in Duval county to prohibit the sale of intoxicating liquor. A careful comparison of the petition presented to the county commissioners showed that it was 284 names short of the requisite number. The temperance people say that their work has just begun, and that they will immediately place another petition in circulation asking the commissioners to call an election under the local option law.

Editor Jordan, of the Punta Gorda Herald, who we believe was once a school teacher, has the following to say concerning the candidates for the Legislature in Calhoun county: "In Calhoun county there are four candidates for representative. If they can spell no better than their published cards in The Democrat show, they should go to school and not think about running for the Legislature."

The Punta Gorda Herald, which is published at General Gilchrist's home and is giving him valuable support in his race for Governor, says: "Should no more candidates enter the race, the first primary will settle the contest for Governor." Editor Jordan fails to say, however, just how it will be "settled."

It is not probable that the temperature will again drop to the freezing point in Florida this winter. Altogether, the winter has been a mild one, but several unusually heavy frosts have occurred. The most "killing frost" of the entire year 1908, however, will occur May 19th.

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

SEA ISLAND COTTON.

Downward Tendency of Savannah Market During Past Week.

Savannah, Ga., Feb. 22.—The Sea Island cotton market was quiet and irregular with more disposition to sell. The demand was mainly for choice and extra choice, with some business also in extra fine. Quotations are lower for most grades, especially for extra choice.

The fact that very little of the crop grades fancy brings the price for the great bulk of the sales below 20c, and producers are much disturbed. As an illustration of the feeling may be mentioned one farmer who has a 40-acre farm yet unpicked, and which he states shall not be picked at all. It is very generally understood that many farmers and indeed some whole counties will abandon Sea Islands this year in disgust. It is also claimed that some of the present crop will be carried over, so that it is possible that the commercial crop will fall short of the ginning returns.

The following prices are based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	Nominal
Fancy Georgias	Nominal

Senator Jos. H. Humphries, editor of The Manatee River Journal, is a candidate for re-election as State Senator from the district composed of DeSoto and Manatee counties. Senator Humphries has ably and honestly represented the people of his district for the past four years, and, without any disparagement to his opponent, we do not believe his people could do better than to return him for another term.

One has only to visit the passenger depot on the departure of the train for Knight's Key to judge how popular that route has become. Nearly every day the train reaches here packed to the limit with tourists who desire to travel over the new sea-going railroad. Yesterday morning an extra coach was coupled on to the train to provide accommodations for the crowd of travelers, and the regular parlor cars on the train had every seat filled. It is stated by those who have been closely associated with the railway for years that this season's travel is the equal if not a little above that of any previous winter.—Miami News-Record.

One of Dr. Francis' buggy horses ran away Thursday afternoon and after demolishing the buggy took up in J. G. Alvarez' store. The horse was hitched at the front of the Doctor's residence and taking fright from someone passing on a bicycle, broke the hitching strap and ran north on Walnut to Eighth street, thence to Cherry and south along that street. Conveniently near Moitt's repair shop the frightened animal freed itself from the broken buggy and continued its flight to Call street. At J. G. Alvarez' store it turned into the sidewalk and slipping on the walk took a header into the store. Although there were glass show-cases at every turn the horse did no damage in the store and came to a standstill when it had gone about midway the building. —Starke Telegraph.

An Interesting Lecture.

Undoubtedly the most interesting and important lecture of the season will be that delivered by Mr. Frank M. Chapman at the school auditorium, Tuesday evening, March 3. Mr. Chapman is personally well known in Gainesville, as he is the son of Mrs. M. B. Chapman, and in earlier years passed a large part of his winters here. He has achieved distinction of the first order in ornithology, and ranks as perhaps the foremost writer and lecturer on birds in the country. Mr. Ernest Seton-Thompson says of him: "Mr. Chapman is not only one of the leading ornithologists of the day —he is undoubtedly the foremost lecturer in the field. He has done more than any other man to bring the latest advances of science within reach of the public. Teachers and parents will find that Mr. Chapman's lectures will effectually turn the destructive energies of their growing boys toward an interest in the living birds, rather than in the killing of them, and this without any danger of their being repelled by open preachment."

Pupils of the high school will be admitted free of charge. For the general public there will be an admission fee of 50 cents, and it is hoped that there will be an attendance that will demonstrate Gainesville's appreciation of a lecture of the first rank, and of Mr. Chapman's generosity in donating his services. He will bring with him undoubtedly the finest collection of stereopticon pictures of birds in this country, all of them either photographs of wild birds in their haunts, or drawings by Ernest Seton-Thompson, accurately colored under Mr. Chapman's supervision.

Flag-Stealing Contest.

The flag-stealing contest between the battalion of cadets at the University Saturday afternoon, which lasted during the entire afternoon and extended from the Tampa and Jacksonville railroad tracks to Hogtown Creek, was a most interesting and exciting one, affording a great deal of experience and exercise for those participating.

The contest showed great work on the part of both sides, and resulted in a draw.

We could tell you a thousand and one things about the progress of the Bank, and the facilities offered, and then would not say more than the above statement illustrates. On the merits of this statement we solicit your account.

NEW QUARTERS FOR BANK.

The Dutton Bank Temporary Quarters to be at Thomas' Stable Office.

Owing to the fact that extensive repairs are being made in The Dutton Bank building, it became necessary for the business to be transferred temporarily while these improvements are being made; and owing further to the fact that it was impossible to secure a suitable building in which to transact business during this time, it became necessary for the bank to accept the office at the stables of The W. R. Thomas Live Stock Company.

Both these incidents mean a good thing for Gainesville, because it means that Gainesville is prosperous. If the bank wasn't prosperous, the improvements would not be made, and if the city and community wasn't prosperous, there could have probably been found more than one place in which to move temporarily.

Only the office work and daily transactions will be transacted in the temporary quarters, however, as the elegant new vault is now ready to receive the money and other valuables, which will be securely locked at the close of each business day.

Notice.

Dr. J. W. Livingston, a nephew of old Dr. John Wesley Livingston, the world-famous Root and Herb doctor, who has been located on the square opposite Johnson's drug store in Gainesville for the past ten days advertising and selling their celebrated Root and Herb remedies, has gained a reputation he may well feel proud of. Chronic sufferers of long-standing with rheumatism in its worst form, kidney and bladder trouble, are taking Dr. Livingston's Root and Herb Tea and pronounce it the king of medicines. Like a cyclone act, Dr. Livingston's Root and Herb remedies destroy the storehouses of disease. One fifty-cent package will convince you of their wonderful properties. Try them and be convinced. On sale in all the drug stores.

Band Progressing Nicely.

The reorganized Gainesville brass band, which is now holding regular rehearsals under direction of Leader J. A. Abrams, is progressing finely, and it is believed they will be in position to give a public concert within the next few weeks.

The majority of members composing the band have the advantage of the knowledge of music, but, from inactivity for so long, have become a little "rusty." This will soon be worn off, however, and the organization will surprise the people when it does appear in public.

Delightful Drag Ride.

The drag ride which was tendered by Miss Alice Thomas, complimentary to Miss Florence Sammis of New Canaan, Conn., on Saturday, proved a most delightful affair, notwithstanding that the weather was a little cool and windy for an outing.

The party, which comprised five couples, chaperoned by Mrs. W. O. Morris, visited the famous Devil's Millhopper, about six miles northwest of the city, which spot proved of especial interest to the guest of honor, who had never before seen such freak of nature.

A delicious picnic dinner was served and greatly enjoyed after the long ride.

The party returned late in the afternoon well pleased, and with many obligations to Miss Thomas.

Reading the Ads. is a Business Matter.

The average person reads a good deal merely for diversion—to "kill time" to fill the moment.

Some people "read" ads. by glancing at a headline here and there. Unless something "compelling" strikes the eye, they do not give half-serious attention to the matter.

Other people—and this class is growing all the time—read the ads. with the same serious attention which they would give to any other business matter of the day. They find as much interest in the ads. as they would find in any other reading matter. They realize that the ads. "come home" to them more than the news usually does. They know that the ads. have a good deal to do, directly, with purse-welfare.

The ability to spend money to the best advantage should be as important as the ability to earn it. Lack of the "thrift-instinct" in spending nullifies much of the earning capacity.

The ads., therefore, deserve to have your intelligent consideration—not to be "skipped over."

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

NEWS OF CITY AND COUNTY CONDENSED

Alfred Harrod has returned from Bronson, where he has been engaged for some time in his trade as a painter.

The best talent we have in Gainesville—and it's pretty good at that—will entertain us Tuesday evening at the Tabernacle.

J. J. Colson, a prominent citizen of Lake Butler, and candidate for tax collector of Bradford county, was in the city yesterday on a visit to relatives.

G. W. Bennett, the popular prescription clerk at the store of J. S. Bodiford & Co., left yesterday for Jacksonville, where he will visit for the next two or three days.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package.—J. W. McCollum & Co.

Friends of Mr. and Mrs. Edgar Zetrouer, who reside near Windsor, sympathize with them in the death of their little three-year-old son, which sad event occurred at their home Thursday. The funeral was held Friday, and was largely attended by friends.

H. E. Brooks, representing the Globe Supply Company, furniture, Richmond, Va., is in the city. Mr. Brooks had the misfortune a day or two ago in Fort White to have his grip stolen, containing all his surplus wearing apparel and a number of valuable papers.

Mr. and Mrs. Clay Bullard of Keyser, N. C., after a pleasant visit to the former's brother, W. M. Bullard, in this city, have returned to their home. They were delighted with Florida, and hope to be enabled to come for a more lengthy period next year.

Mrs. R. Wilson has an advertisement in this issue in which she is offering for the coming week special values in brown goods, ladies' and children's jackets, and sweaters. The prices on these goods have been reduced to the lowest point, and those who want values will have an opportunity to secure them now.

Friends of Mrs. Caroline Thompson of North Gainesville will regret to learn that she is quite ill. The lady is in her eighty-fourth year, and for nearly a half century has been a resident of the section in which she now resides. It is hoped that, despite her feebleness, she will soon be restored to her normal health.

David Edelstein, who has been for some time past manager of the dry goods and clothing business of his father, B. Edelstein, in this city, has purchased the same. Mr. Edelstein is a young man of pleasant manner and high ambition, and has worked up a good trade, which will no doubt now be increased, as the city is increasing so rapidly in population.

The editor of The Memphis (Tenn.) Times writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.—J. W. McCollum & Co.

The Brown-Jennings Hardwood Company, the new hardwood manufacturing concern who have just started in business here, are offering through The Sun excellent hickory at a dollar a load. Hickory is hard to secure in this section for fire purposes, and those who appreciate its qualities as a fire-wood will not hesitate to order. Their Bell 'phone is No. 135.

The Odd Fellows' Sanitarium is one of the worthiest institutions in Gainesville, and we should all be glad at an opportunity to do our little part toward swelling the subscription fund now being called for by the Association. If you feel that you cannot make us an annual subscription, you can help us very much by sending your 1908 membership dues of one dollar.—Ferdinand Bayer, Secretary.

Wanted, Orders for Lumber—Anyone living in Gainesville or vicinity who intends doing any building in the near future should order their lumber at once. For the next thirty days the Bock Lumber Company will give special terms before moving their mill further from town. When ordering address P. O. Box 132, or call Bock's residence over East Florida 'phone. Bock Lumber Company.

The G. W. Hyde Company have an advertisement in this issue which will prove of interest to the public, especially the ladies who are in the market for new and seasonable goods. They are advertising a general line, and offer special bargains for Monday, including silks, fancy white goods, hosiery, underwear, shirtwaists, skirts, etc. Peruse the ad., inspect the line, and you will see that, as usual, whatever this reliable firm tells you, you may depend upon.

F. P. Henderson has returned from Komoko, where he has been for the past two or three days. Mr. Henderson is a practical nurseryman, and is well versed in peach culture. He states that in the big 500-acre orchard of the Gilling Company at Komoko, fully two-thirds of the Jewel and from one-half to two-thirds of the Waldo have been killed by the cold, but that there is yet enough of the latter for a good crop, should no further misfortune befall them.

Mr. and Mrs. Louis Kaibfield of Palatka returned to their home via the Tampa and Jacksonville last night, after a pleasant visit to this city. Mr. Kaibfield, who was the owner of Kaibfield's Minstrels, an aggregation well and favorably known in this State, is now a leading citizen and business man of Palatka. He is the manager of the new Howell Theater in the Gem City, and came here for the purpose of consulting E. Baird in the matter of taking the management of the proposed new theater which Mr. Baird will erect here.

Skin Disease of Twenty Years' Standing Cured.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several as smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me.—Mrs. Fannie Griffin, Troy, Ala. Chamberlain's Salve is for sale by all druggists.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Neglected Colds Threaten Life.

[From The Chicago Tribune.]

"'Don't trifle with a cold,' is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by all druggists.

Fined Them a Month's Pay.

New Orleans, Feb. 21.—Loss of 30 days' pay, each, was the penalty inflicted upon the five detectives who accompanied the late police inspector of this city, Edward Whitaker, when he attacked and shot at J. M. Leveque, a newspaper editor. The penalty was inflicted by Police Inspector O'Connor, successor to Whitaker, who resigned after the shooting. Charges of shooting with intent to kill are now pending against Whitaker.

Chamberlain's Cough Remedy a Favorite.

TROOPS HELD IN READINESS.

Italian Government Takes Steps to Preserve Order.

Rome, Feb. 22.—A lively discussion which has been going on in the chamber of deputies regarding religious teachings in the primary schools is beginning to excite the people, and it was found necessary to adopt measures against a possible disturbance of the peace. Members of the extremists party endeavored to make a demonstration before the chamber, urging the abolition of all religious instruction, and this decided the government to take precautionary steps.

Troops are being held in readiness and the buildings surrounding the chamber of deputies are occupied by soldiers.

Death Decreed, but Judge Recommended Clemency.

St. Petersburg, Feb. 22.—Lieutenant General Stoessel was condemned to death Thursday evening by a military court for the surrender of Port Arthur to the Japanese.

General Fock, who commanded the Fourth East Siberian division of Port Arthur, was ordered reprimanded for a disciplinary offense, which was not connected with the surrender, and General Smirnoff, acting commandant of the fortress, and Major General Reiss, chief of staff to General Stoessel, were acquitted of the charges against them for lack of proof.

The court recommended that the death sentence upon Lieutenant General Stoessel be commuted to ten years' imprisonment in a fortress, and that he be excluded from the service.

MOST PECULIAR ACCIDENT.

While Dove Hunting Man Was Shot in Both Eyes.

Albany, Ga., Feb. 22.—A dispatch from Blakely tells of a frightful and most peculiar accident of which Drew Thompson, one of the most prominent planters of Early county, was the victim.

Mr. Thompson had invited a large party of friends to participate in a dove hunt for which he had arranged. While the shooting was at its height Mr. Thompson was struck by two shot, one entering each eye. No other shot touched him. He called for help and friends ran to his assistance. Physicians were secured as quickly as possible, and while it was feared that Mr. Thompson will lose his sight, it is as yet impossible to tell with certainty.

NEWS OF CITY AND COUNTY CONDENSED

Alfred Harrod has returned from Bronson, where he has been engaged for some time in his trade as a painter.

The best talent we have in Gainesville—and it's pretty good at that—will entertain us Tuesday evening at the Tabernacle.

J. J. Colson, a prominent citizen of Lake Butler, and candidate for tax collector of Bradford county, was in the city yesterday on a visit to relatives.

G. W. Bennett, the popular prescription clerk at the store of J. S. Bodiford & Co., left yesterday for Jacksonville, where he will visit for the next two or three days.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package.—J. W. McCollum & Co.

Friends of Mr. and Mrs. Edgar Zetrouer, who reside near Windsor, sympathize with them in the death of their little three-year-old son, which sad event occurred at their home Thursday. The funeral was held Friday, and was largely attended by friends.

H. E. Brooks, representing the Globe Supply Company, furniture, Richmond, Va., is in the city. Mr. Brooks had the misfortune a day or two ago in Fort White to have his grip stolen, containing all his surplus wearing apparel and a number of valuable papers.

Mr. and Mrs. Clay Bullard of Keyser, N. C., after a pleasant visit to the former's brother, W. M. Bullard, in this city, have returned to their home. They were delighted with Florida, and hope to be enabled to come for a more lengthy period next year.

Mrs. R. Wilson has an advertisement in this issue in which she is offering for the coming week special values in brown goods, ladies' and children's jackets, and sweaters. The prices on these goods have been reduced to the lowest point, and those who want values will have an opportunity to secure them now.

Friends of Mrs. Caroline Thompson of North Gainesville will regret to learn that she is quite ill. The lady is in her eighty-fourth year, and for nearly a half century has been a resident of the section in which she now resides. It is hoped that, despite her feebleness, she will soon be restored to her normal health.

David Edelstein, who has been for some time past manager of the dry goods and clothing business of his father, B. Edelstein, in this city, has purchased the same. Mr. Edelstein is a young man of pleasant manner and high ambition, and has worked up a good trade, which will no doubt now be increased, as the city is increasing so rapidly in population.

The editor of The Memphis (Tenn.) Times writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.—J. W. McCollum & Co.

The Brown-Jennings Hardwood Company, the new hardwood manufacturing concern who have just started in business here, are offering through The Sun excellent hickory at a dollar a load. Hickory is hard to secure in this section for fire purposes, and those who appreciate its qualities as a fire-wood will not hesitate to order. Their Bell 'phone is No. 135.

The Odd Fellows' Sanitarium is one of the worthiest institutions in Gainesville, and we should all be glad at an opportunity to do our little part toward swelling the subscription fund now being called for by the Association. If you feel that you cannot make us an annual subscription, you can help us very much by sending your 1908 membership dues of one dollar.—Ferdinand Bayer, Secretary.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

For the next thirty days the Bock Lumber Company will give special terms before moving their mill further from town. When ordering address P. O. Box 132, or call Bock's residence over East Florida 'phone. Bock Lumber Company.

The G. W. Hyde Company have an advertisement in this issue which will prove of interest to the public, especially the ladies who are in the market for new and seasonable goods. They are advertising a general line, and offer special bargains for Monday, including silks, fancy white goods, hosiery, underwear, shirtwaists, skirts, etc. Peruse the ad., inspect the line, and you will see that, as usual, whatever this reliable firm tells you, you may depend upon.

F. P. Henderson has returned from Komoko, where he has been for the past two or three days. Mr. Henderson is a practical nurseryman, and is well versed in peach culture. He states that in the big 500-acre orchard of the Grifling Company at Komoko, fully two-thirds of the Jewel and from one-half to two-thirds of the Waldo have been killed by the cold, but that there is yet enough of the latter for a good crop, should no further misfortune befall them.

Mr. and Mrs. Louis Kalbfield of Palatka returned to their home via the Tampa and Jacksonville last night, after a pleasant visit to this city. Mr. Kalbfield, who was the owner of Kalbfield's Minstrels, an aggregation well and favorably known in this State, is now a leading citizen and business man of Palatka. He is the manager of the new Howell Theater in the Gem City, and came here for the purpose of consulting E. Baird in the matter of taking the management of the proposed new theater which Mr. Baird will erect here.

Skin Disease of Twenty Years' Standing Cured.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several as smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me.—Mrs. Fannie Griffin, Troy, Ala. Chamberlain's Salve is for sale by all druggists.

TROOPS HELD IN READINESS.

Italian Government Takes Steps to Preserve Order.

Rome, Feb. 22.—A lively discussion which has been going on in the chamber of deputies regarding religious teachings in the primary schools is beginning to excite the people, and it was found necessary to adopt measures against a possible disturbance of the peace. Members of the extremists party endeavored to make a demonstration before the chamber, urging the abolition of all religious instruction, and this decided the government to take precautionary steps.

Troops are being held in readiness and the buildings surrounding the chamber of deputies are occupied by soldiers.

La Grippe and Pneumonia.

Foley's Honey and Tar cures in grippe coughs and prevents pneumonia. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

Announcement has been made that on Feb. 29 the Southern Brewers' association will meet in New Orleans to discuss the campaign in favor of prohibition now general throughout the south. The conference is expected to last several days.

Brigadier General Francis S. Dodge, U. S. A., retired, who was awarded a medal of honor by congress for distinguished gallantry at the battle of White River, in Colorado, in the Indian campaign in the sixties, died at Washington, D. C.

William H. Johnson, a negro, was hanged at Philadelphia for the murder of his wife, whom he shot eighteen months ago because of jealousy. After the drop fell Johnson struggled so violently that he kicked his shoes off and they dropped several feet from the gallows.

Neglected Colds Threaten Life.

[From The Chicago Tribune.]

"'Don't trifle with a cold,' is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by all druggists.

Fined Them a Month's Pay.

New Orleans, Feb. 21.—Loss of 30 days' pay, each, was the penalty inflicted upon the five detectives who accompanied the late police inspector of this city, Edward Whitaker, when he attacked and shot at J. M. Leveque, a newspaper editor. The penalty was inflicted by Police Inspector O'Connor, successor to Whitaker, who resigned after the shooting. Charges of shooting with intent to kill are now pending against Whitaker.

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twinning, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by all druggists.

Cannon is Endorsed.

GEN. STOESSEL SENTENCED.

Death Decreed, but Judge Recommended Clemency.

St. Petersburg, Feb. 22.—Lieutenant General Stoessel was condemned to death Thursday evening by a military court for the surrender of Port Arthur to the Japanese.

General Fock, who commanded the Fourth East Siberian division of Port Arthur, was ordered reprimanded for a disciplinary offense, which was not connected with the surrender, and General Smirnoff, acting commandant of the fortress, and Major General Reiss, chief of staff to General Stoessel, were acquitted of the charges against them for lack of proof.

The court recommended that the death sentence upon Lieutenant General Stoessel be commuted to ten years' imprisonment in a fortress, and that he be excluded from the service.

MOST PECULIAR ACCIDENT.

While Dove Hunting Man Was Shot in Both Eyes.

Albany, Ga., Feb. 22.—A dispatch from Blakely tells of a frightful and most peculiar accident of which Drew Thompson, one of the most prominent planters of Early county, was the victim.

Mr. Thompson had invited a large party of friends to participate in a dove hunt for which he had arranged. While the shooting was at its height Mr. Thompson was struck by two shot, one entering each eye. No other shot touched him. He called for help and friends ran to his assistance. Physicians were secured as quickly as possible, and while it was feared that Mr. Thompson will lose his sight, it is as yet impossible to tell with certainty.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
